## Grant Highlights

### CREATIVITY CENTER, OOMS

The Orange Middle School Creativity Center builds upon an established flexible learning environment in the atrium of the building and seeks to provide a space where positive values about thinking and learning are present. The goal of this space is to encourage students and staff to practice creativity through interactive, engaging activities.

### LIFE TOWN, OA

The Olentangy Academy for Community Transition program has been able to provide students with the opportunity to attend Life Town, a realistic, indoor city designed for individuals with special needs to practice essential life skills through role play.

### CORE VALUES, ISES

Indian Springs Elementary has embarked on a journey to build school community by nurturing social-emotional skills, identifying positive core values and strengthening existing school-wide traditions to celebrate and discover a collective identity through exploration of building culture and the skills imperative for student success.

### MAKERSPACE, FTES

Freedom Trail's Library Media Center is a place where all students and staff can gather to create, invent, explore, discover, and share. MakerSpace materials allow for engaging learning opportunities, and creative exploration that promote inquiry, collaboration, problem solving, self-confidence, and design thinking.

### NO LONGER EMPTY BOWLS, LTES/ISES

Students at Liberty Tree and Indian Springs Elementaries are decorating bowls with unique designs that will be utilized during a community night highlighting hunger needs and the non-academic barriers students face in Central Ohio. The evening's participants will make a small donation and enjoy a dinner together of soups and salads donated by school staff and PTO members. The glazed student bowls will be used for the meal and will be taken home by diners. Any food or fund donations made during the evening will benefit local food banks and resource centers.

Classroom STEM BrickLAB Tech Set, ACES

Making Decoding Colorful Book Sets, ACES

Code Cases - Circuits Board, Mini Robot, iPads, ACES

Picture Books in Upper Elementary Classrooms, ACES
